CONCISE MODERN PHYSICS

Vol. I: Atomic Physics and Electronics

Vol. II: Nuclear Physics, Relativity and
Wave Mechanics

BY

PROF. M. NARAYANAMURTI, M.A.

V. GOSAKAN, M. SC., B. T.

T. RAJAGOPALAN, M. SC.

The two volumes of "*Concise Modern Physics*" contain a complete course in Modern Physics meeting the needs of the universities in the Southern States. The books give all the details required for the comprehension of the subject which is assuming, quite rightly, much importance. The following are the *salient features* of the books:

(i) Clear diagrams and figures illustrating the principles involved.

(ii) Treatment of the subject-matter and numerical problems in the M. K. S. system of units.

(iii) Exercises under each chapter with typical questions drawn from Indian universities.

(iv) *Reference to the Articles* concerned wherein answers to the questions are indicated. This, incidentally, will be a great help to students preparing for examinations.

The books meet the needs of the Physics curriculum of **Engineering Colleges** also. Written by teachers of long experience and standing in the field the books will, it is hoped, be welcomed wholeheartedly by the academic community.

Price :

VOLUME I : Rs. 10-00

VOLUME II : Rs. 10-00

MADRAS-1

TRIVENI is devoted to Art, Literature and History. Its main function is to interpret the Indian Renaissance in its manifold aspects.

TRIVENI seeks to draw together cultured men and women in all lands and establish a fellowship of the spirit. All movements that make for Idealism, in India as well as elsewhere, receive particular attention in these columns. We count upon the willing and joyous co-operation of all lovers of the Beautiful and the True.

May this votive offering prove acceptable to Him who is the source of the TRIVENI—the Triple Stream of Love, Wisdom and Power!

THE 'TRIVENI' SYMBOL

Padma (the Lotus) represents the purity of Love, Jyoti (the Flame) the light of Wisdom, and Vajra (the Thunderbolt of Indra) the splendour of Power.
